*Available in 7 lb jugs
and 40 lb bags.*

MADE IN THE U.S.A.

BarnTender offers an alternative to lengthy manure composting and allows manure to be recycled faster. Replaces artificial chemical fertilizers with natural ingredients. Once composted, the manure can be used as a natural fertilizer for gardens or spread on crop land.

INGREDIENTS:

Natural-occurring, unaltered oxidized lignite, diatomite, calcium montmorillonite, beneficial microbes and peppermint oil.

APPLICATION RATES:

Apply **BarnTender** evenly into the bedding area with the easy to use, flip top lid applicator jug.

Apply as needed on top of or beneath bedding. Reapply as necessary. Available in 7 pound jugs and 40 pound bags.

STORAGE:

Store in a cool dry environment, avoid excessive moisture and reseal unused portions. Keep out of reach of children.
