

Manure Master™ Plus-PA provides technology to enhance liquid manure management including storage, handling, application, soil health, crop response and environmental safety.

Manure Master Plus-PA can help enhance manure digestion and liquefaction, reduce barn and field odors, reduce top crusting and bottom solids, enhance soil health and crop performance, reduce pest pressure and improve nutrient retention.

INGREDIENTS:

Natural blend of organic nutrients, essential elements and a blend of digestive microbes.

TREATMENT PROTOCOL:

For one million gallons of manure, use 40 gallons of **Manure Master Plus-PA** on an annual basis:

- After major pump-out or at the start of treatment: 15 gallons (inoculation rate)
- Treatment should occur 2 to 3 weeks after either the fall or spring pump-out, when pit/lagoon will be at its lowest capacity and fresh manure has accumulated.
- Scheduled 10 monthly treatments: 2.5 gallons/month (25 gallons total)

Treatment for 350,000 to 400,000 gallons (1,000 to 1,200 head swine barn) **manure pit**, use 15 gallons of **Manure Master Plus-PA** on an annual basis:

- After major pump-out or at the start of treatment: 5 gallons (inoculation rate)
- Scheduled 10 monthly treatments: 1.0 gallon/month (10 gallons total)

Manure Master™ Plus-Pit Accelerator

A manure treatment blend that accelerates manure liquefaction and enhances its nutrient value.

Ensure the treatment is mixed into the liquid portion of the manure.

Shake well before using.

IMPORTANT NOTICE TO PURCHASER:

Seller's and manufacturer's only obligation to a purchaser or user of this product shall be to refund the purchase price or to replace the quantity purchased of any defective product. In no event shall seller or manufacturer be liable to a purchaser or user of this product for any claim for any economic, indirect, special, incidental or consequential damages, or for any injury, loss or damage, direct or indirect, to any person or property. Purchaser of this product expressly acknowledges and agrees to these terms.

ENVIRONMENTAL IMPACT

The premicrobial digestion of liquid manure that has been treated with MMP-PA, before field application, may improve soil health and help reduce the likelihood of water quality issues. 100% natural. Safe for animals.

CAUTION: Avoid contact with eyes, skin and open wounds. Do not ingest. Do not use with any kind of alkaline or acid based materials. Seal container when not being used. Do not store above 110° F.

WARNING: Disturbing hog pits and/or pit foam can result in the release of **FLAMMABLE GASES**. Before application of this product, please ensure proper ventilation to prevent the accumulation of flammable gases and extinguish all potential ignition sources, including heaters, electrical, do not smoke, etc. Failure to follow these instructions may result in a fire or explosion. Fire or explosions can lead to property damage, personal injury or loss of life.
