

AgroThrive™ LFN

100% Natural Organic Fertilizer

AgroThrive LFN 2.5-2.5-1.5 (N-P-K) is a premium organic fertilizer with a guaranteed minimum analysis of 2.5-2.5-1.5 NPK. This liquid fertilizer is ideal for organic agriculture where the goals are both nutrient supply and stimulation of soil microbes. It can also be used in conventional practices for root stimulation.

GUARANTEED ANALYSIS: 2.5-2.5-1.5

Total Nitrogen (N)	2.5%
0.13% Ammoniacal Nitrogen	
2.20% Other Water Soluble Nitrogen	
0.17% Water Insoluble Nitrogen	
Available Phosphate (P ₂ O ₅)	2.5%
Soluble Potash (K ₂ O)	1.5%
Derived from fish soluble and corn grain fermentation solubles.	

INGREDIENTS:

All natural and organic ingredients. Contains no hazardous ingredients as per Hazard Communication Standard. Chemical Family: Fermented, proteinaceous, organic plant and seafood fertilizer. Components: Plant byproducts, Seafood byproducts.

DIRECTIONS FOR USE:

Row or Subsurface Band Application: Apply 1 to 5 gallons per acre in-row subsurface before or at planting time.

Broadcast Soil Application: Apply 1 to 5 gallons per acre prior to or after planting.

Subsurface Drip Irrigation: Apply 1 to 2 gallons per acre. Multiple applications can be made throughout the growing season to coincide with critical crop growth stages.

Foliar Application: Apply at the rate of 1 quart to 4 gallons

per acre with 15 to 25 gallons of water per application. Split application of 1 quart to 1 gallon per acre can be applied. Apply when crop is actively growing in optimum soil moisture conditions. Application can be made through standard irrigation and fertigation systems. Apply at suggested crop growth stages:

Corn: Apply at V3 - V6 stage. Repeat at V9.

Soybeans: Apply at V3 - V6. Repeat at R3 - R4.

Grain Crops: Apply before flag leaf sheath opening or before early boot stage.

Hay: Apply as foliar at Spring green-up or 10 to 14 days after first cutting and repeat after each cutting.

Vegetable Crops: Apply when crop has sufficient foliage for spray coverage. Successive in-season applications can be made at 7 to 10 day intervals.

Aerial Application: Dissolve the recommended amount of **AgroThrive** in at least 5 gallons water per acre.

TANK MIXING: Fill the tank half full of water, add **AgroThrive** and agitate. Add dry formulations and dissolve, followed by liquids. Bring up to volume with water.

STORAGE: Store product in cool, dry area away from potable water and food or feed supplies. Do not store at sustained temperature above 120° F. Product to be used and/or applied within 60 days of delivery.

Mix well before use.

KEEP OUT OF REACH OF CHILDREN

IMPORTANT NOTICE TO PURCHASER:

Seller's and manufacturer's only obligation to a purchaser or user of this product shall be to refund the purchase price or to replace the quantity purchased of any defective product. In no event shall seller or manufacturer be liable to a purchaser or user of this product for any claim for any economic, indirect, special, incidental or consequential damages, or for any injury, loss or damage, direct or indirect, to any person or property. Purchaser of this product expressly acknowledges and agrees to these terms.

CAUTION FOR HUMAN CONTACT:

Inhalation: None. Skin Contact: None. Wash with clean water. Eye: Moderate. Exposure may result in eye irritation. Flush with clean water for one (1) minute. Ingestion: Moderate. May cause gastrointestinal discomfort. Seek medical advice. Carcinogenicity: None. Respiratory Protection: None. Ventilation. As needed. Protective Gloves. Standard. Not needed under normal use. Avoid contact with open wounds or cuts. Otherwise, use neoprene or PVC gloves for personal hygiene. Eye Protection. Only needed if operating spray equipment.
