

Eubio-NBS (LDWE)

Livestock Drinking Water Enhancer

PRODUCT DESCRIPTION:

Eubio-NBS (LDWE) is a water enhancer that has a positive impact on natural biological processes that are essential for livestock operations. Eubio-NBS (LDWE) is biodegradable, non-corrosive and non-irritating.

GUARANTEED ANALYSIS:

Biocatalyst Liquid 100.0%

INGREDIENT STATEMENT:

Liquid Supernate from fermented plant material.

DIRECTIONS FOR USE:

Usage is dependent upon system variables and targeted efficiencies. System enhancement can be achieved at rates of 15 ppm to 50 ppm per daily flow rate. A rate of 25 ppm is a good starting point. The rate can be adjusted up or down depending on animal performance. If the animal's stool becomes loose, lower the rate.

STORAGE:

Normal warehousing. Product is freeze/thaw stable. Shelf life three years.

ORGANIC CERTIFICATION:

Growers/producers are required to contact their organic certifying agency for approval of this product in organic production.

LIMITATION OF LIABILITY:

Due to system variations and other additives that may be present, please discuss usage of Eubio-NBS (LDWE) with our technical representative. Eubio-NBS (LDWE) has no known negative impact on natural biological processes.
