

Chicken Manure Pellets

Premium Natural Organic Fertilizer

4-3-2

Give your plants the nourishment they deserve with **Chicken Manure Pellets**—a superior organic fertilizer designed to enrich your soil and grow your success.

Balanced Nutrition with 4-3-2 NPK

Our chicken manure pellets boast a balanced 4-3-2 NPK formula, delivering essential nutrients for healthy plant growth:

- 4% Nitrogen (N) - Fuels lush, green growth and strengthens plant structures.
- 3% Phosphorus (P) - Promotes strong root development and vibrant flowers.
- 2% Potassium (K) - Enhances overall plant health, resilience, and productivity.

This ideal ratio ensures a slow and steady nutrient release, supporting your plants throughout their growing cycle without overwhelming them.

Key Benefits of Chicken Manure Pellets Organic Fertilizer

- 100% Natural & Organic - No synthetic chemicals, just pure, nutrient-dense chicken manure.
- Slow-Release Formula - Feeds your plants over time, reducing the need for frequent applications.
- Soil Health Booster - Enhances microbial activity and improves soil structure.
- Eco-Friendly & Sustainable - A renewable, responsibly sourced alternative to synthetic fertilizers.
- Versatile Use - Perfect for vegetable gardens, flower beds, lawns, trees, shrubs, and farms.

How to Use Chicken Manure Pellets

Using Chicken Manure Pellets is simple and effective!

- Forage and pastures: can be applied in the fall, or spring at 200 to 400 lbs per acre broadcast
- Row Crop: can be applied in the fall or at-plant, broadcast or strip-till at 200 to 400 lbs per acre
- Can be applied in-season at 40 lbs per acre broadcast. The product can be applied with a drone in-season
- Garden applications (refer to application rates on the back)
 1. Apply Pellets Evenly: Spread the fertilizer evenly over the soil surface and work into the top couple of inches of soil.
 2. Water Thoroughly: Activate nutrients by watering the area after application.
 3. Watch Your Plants Thrive! Enjoy stronger roots, healthier plants, and richer soil.
